

C.V / RESUME

Mr Muazzam Nawaz Wazirabad, BSc CE (UET Lhr)

CE,PE,MEC,MIE,APSCE,civilengineers.com,ASR,IAENG,ASR,IAOLE,CAP,YCE

- Family Background:** I am permanent resident of Wazirabad city and earn my basic education from Wazirabad. I was married in 2010 and have two children both boys seeking education in APS. My father is retired Govt employee in Population department and mother is house wife. I has one elder brother who has DVM and is Snr Veterinary Officer in Livestock & Dairy Development deptt. My wife is also well educated.
- Professional Education:** I am a graduate in Civil Engineering from University of Engineering & Technology, Lahore Session 2000 and passed out in 2004. During the studies I pass with distinction all 4 years annual system exams in 1st division with aggregate 69%.
- Professional Experience:** I did job in private sector for 3 years in Mott Mac Donald Pakistan PVT Ltd at HQ Lahore as Junior Engineer (Hydrologist) in study and design of left and right side drain of road from Shahdara to Sheikhpura in 2005 to 2006. I work under internationally recognized engineer for the Study and hydrology report (discharge measurement and sediment test) for WAPDA and Suki Kinari Contractors on Kunhar river in Suki Kinari Hydropower Project at Kaghan in 2006 to 2007. Then I served as Hydrology Engineer in Site development & Infrastructure division in Saudi Consulting Services at Riyadh Saudi Arabia from 2007 to 2008 for preparation of drawings 30%, 70%, 100% and IFC at Waterfront at Yanbu under Royal Commission of Jubail & Yanbu. I also work for Trainee Utility Engineer for drainage, sewerage , storm drainage etc in Jubail. I completed hydrology report on hydrology of discharge analysis and design of Yanbu. I work under Senior reputed engineer for road catchment marking and discharge design for box and pipe culvert in remote areas of Saudi Arabia. I was offered jobs at WAPDA, NESPAK Geo tech Div, different private organization before I went to Riyadh. I was selected through FPSC written test and interview panel for selection as A/XEN B&R in E in C Branch in Military Engineer Services under Ministry of Defence. I prepare estimates of various projects at Gujranwala Cantt. Attended actively Court Cases on behalf of this department at Civil/High Court & Supreme Court with Ministry of Law at Attock, Rawalpindi and Islamabad courts. I have administrative experience in MES. I served at PAC Kamra, Gujranwala Cantt, Kharian cantt and now in 701 Pak Works Section at Muzaffarabad as AGE since more than 12 years. I have concluded 25 numbers of Court of Inquiries / Board of Officers for department. I have managed and monitor/evaluate Minor /Maintenance Work Performa's. I have conducted eight as Instructor and administrator of RTE Courses and get appreciation in last Charge Hand course.
- Other Achievements:** I have attended around 50 professional technical and management skills courses. I have 10 numbers engineering bodies membership in Pakistan and abroad. I have been able to present in writing abstract on effect of accidental materials on the properties of concrete afterwards published research paper in News Journal of Pakistan Engineering Congress and available on its website too.
- Goals / Ambitions:** I want to work as Volunteer to enhance my leadership , communication skills, Soft skills to run as independent head of office in future after 2 to 3 years. It is a challenge but to do job 100%, attend professional bodies courses **I want to work Volunteer for Pakistan Society of Industrial Engineers based at Lahore as Membership Coordinator through internet and work from home.** I will learn and get experience in pressure situation.
